

## PathogenCombat Newsflash

The PathogenCombat Newsflash is a source of information on trends, results, and events on the PathogenCombat activities within the field of Food Safety. Periodical issues inform you about new trends and developments and provide insight into the latest research results and their applications.

The Newsflash makes sure that you do not miss the events of PathogenCombat! You are updated regularly on our activities, including workshops and contributions to conferences on Food Safety in Europe.

The Newsflash is issued at least once per month and delivers an exciting insight into PathogenCombat activities.

Enjoy!

*No.2 11.11.2008*

### Table of Contents

1. PathogenCombat at FoodMicro 2008
2. Workshop on Hygienic Processing Systems

### Topic 1

#### **PathogenCombat at FoodMicro 2008**

The 21st International ICFMH Symposium "Evolving microbial food quality and safety" took place in Aberdeen 1st-4th September 2008. The contribution from PathogenCombat was significant. A total of 22 presentations were accepted of which the majority was selected for oral presentations.

To view **all posters, oral presentations and abstracts** of PathogenCombat consortium members at FoodMicro, please select the area of your interest below:

[Microbial behaviour in the Food Chain](#)  
[Protective and Probiotic Cultures](#)  
[Detection methods](#)  
[Hygiene and New Processing Techniques](#)  
[Food Safety Management](#)

Of confidentiality reasons, not all oral presentations are shown in full.  
For all posters, presentations and abstracts, contact details for the lead scientist are stated.

We are proud to announce that Inger Olesen from University of Copenhagen – Faculty of Life Sciences won an award for her poster.

Please see the award winning poster [here](#)

### Topic 2

We are happy to announce a PathogenCombat **Workshop on Hygienic Processing Systems** at the Danish Technical University (DTU) in Copenhagen on the **29. January 2009**. The topics cover Biofilm problems, industry applications, cleaning agents, and many more.

The full programme is available in English and Danish and can be downloaded [here](#)

**We are looking forward to seeing you in Copenhagen!**
