

PathogenCombat Newsflash

The PathogenCombat Newsflash is a source of information on trends, results, and events on the PathogenCombat activities within the field of Food Safety. Periodical issues inform you about new trends and developments and provide insight into the latest research results and their applications.

The Newsflash makes sure that you do not miss the events of PathogenCombat! You are updated regularly on our activities, including workshops and contributions to conferences on Food Safety in Europe.

The Newsflash is issued at least once per month and delivers an exciting insight into PathogenCombat activities.

Enjoy!
