

## PathogenCombat Newsflash

The PathogenCombat Newsflash is a source of information on trends, results, and events on the PathogenCombat activities within the field of Food Safety. Periodical issues inform you about new trends and developments and provide insight into the latest research results and their applications.

The Newsflash makes sure that you do not miss the events of PathogenCombat! You are updated regularly on our activities, including workshops and contributions to conferences on Food Safety in Europe.

The Newsflash is issued at least once per month and delivers an exciting insight into PathogenCombat activities.

Enjoy!

### Table of Contents

1. Round Table on 'Bacterial triggers in the etiology of Crohn's disease and other autoimmune and autoinflammatory diseases' in Brno, Czech Republic
2. Results and presentations of the workshop in Ouagadougou, Burkina Faso
3. PathogenCombat SME success story from Cyprus

### Topic 1

#### **Round Table discussion on MAP as possible etiological agent of Crohn's disease**

We are happy to announce a round table discussion hosted by the Veterinary Research Institute (VRI) in Brno, Czech Republic, held in the frame of PathogenCombat. The discussion will take place on **14. - 16. May 2009** at the VRI in **Brno**.

For more **information and registration**, please visit

[http://www.vri.cz/userfiles/file/hide/PathogenCombat/Second\\_announcement\\_2.pdf](http://www.vri.cz/userfiles/file/hide/PathogenCombat/Second_announcement_2.pdf)

**Deadline** for registration is the **31. March 2009**.

**We are looking forward to seeing you in Brno!**

### Topic 2

#### **Presentations and pictures of the DANIDA/PathogenCombat workshop in Ouagadougou, Burkina Faso**

PathogenCombat is happy to report that the workshop in Burkina Faso on 16.-19.02.2009 was a full success in bringing European and African research on fermented food together.

This workshop is part of the PathogenCombat commitment to disseminate project results to SMEs and other relevant stakeholders in selected INCO countries. It provided African food producers and researchers with the possibility to interact with their European colleagues and to exchange knowledge and information on food quality and safety.

The presentations held and more on this great workshop is available [here](#)

### Topic 3

#### **SME success story from Cyprus**

We are proud to present another success story of a PathogenCombat partner SME: Pittas Dairy Industries, Nicosia, Cyprus!

The full report on the innovations and progress made by participating in PathogenCombat can be read [here](#)
