

PathogenCombat Newsflash

The PathogenCombat Newsflash is a source of information on trends, results, and events on the PathogenCombat activities within the field of Food Safety. Periodical issues inform you about new trends and developments and provide insight into the latest research results and their applications.

The Newsflash makes sure that you do not miss the events of PathogenCombat! You are updated regularly on our activities, including workshops and contributions to conferences on Food Safety in Europe.

The Newsflash is issued at least once per month and delivers an exciting insight into PathogenCombat activities.

Enjoy!

Table of Contents

1. PathogenCombat Movie now online
2. PathogenCombat workshop in Budapest
3. PathogenCombat in the European Parliament

Topic 1

The new PathogenCombat film is now ready to be viewed online

We proudly present the new PathogenCombat movie. This film gives an overview on the activities and achievements of this large scale European project.

You can watch this film in a short version (4 min.) or a long version (32 min.), by clicking [here](#).

Topic 2

PathogenCombat workshop in Budapest

We are happy to announce a joint EU project workshop, focusing on the highlights and future activities of important European food projects.

The workshop will take place on **pre-conference** day of the **2009 EFFoST conference 'New challenges in food preservation'** (www.fffost-conference.elsevier.com) in Budapest, Hungary on **10 November 2009**.

The topics will comprise:

- New processing technologies in practice
- New and improved detection methods in application
- New ways to improve food safety in the industry
- Risk assessment in practice
- Risk analysis in food processing

The programme is available [here](#).

We are looking forward to meeting you in Budapest!

Topic 3

PathogenCombat in the European Parliament

PathogenCombat is member in **CommNet**, a network of communication managers in EU funded research projects in the field of food quality and safety (www.commnet.eu).

To draw the attention of European policy makers and other important stakeholders to the importance of research funding for food quality and safety, leading scientists will present their latest results in the field of food quality, food safety and nutrition at the **European Food Science Day** on **18 November 2009** in **Brussels**.

Registration is now open, more information is available [here](#).

We are looking forward to meeting you in Brussels!
